

PROPERTY

The PERse property policy offers all risk, replacement cost insurance for new and existing projects over all classes of renewable energy, with an emphasis on wind and solar, and battery energy storage projects.

As part of our property insurance offering, we provide estimated insurance costs for specific projects to assist clients in finding the appropriate deductibles to meet their budget and insurance requirements—and we do so at no cost to the insured!

Whether we are providing insurance for 1 MW or 1 GW, PERse provides a superior level of service to clients through our breadth of product offerings, underwriting capabilities, technical services and administration. The PERse team is dedicated to forming exceptional long-term relationships and maintaining its impressive track record as a leader in the market within the renewable energy industry.
